

Technical data

SLIPCLEAN RD

Zero residue, rapid drying solvent cleaner

Description

MOLYSLIP SLIPCLEAN RD is a highly effective, zero residue, rapid drying cleaner and degreaser based on high purity hydrocarbons and alcohols. The product is designed for the safe and effective removal of a wide range of industrial soils/contaminants including oil, grease, carbon deposits, inks and semi-cured adhesives.

MOLYSLIP SLIPCLEAN RD is compatible with most commonly encountered industrial substrates, patch testing should however be carried out when using on sensitive materials. The high purity and fast evaporation rate leaves surfaces clean and residue free. In addition to multiple industrial uses MOLYSLIP SLIPCLEAN RD is also NSF K1 registered and suitable for use on food processing equipment.

Features and benefits

- NSF K1 Registered (167241)
- Highly effective cleaning
- Rapid drying
- Zero residue
- Suitable for use on food processing equipment

Instructions for use

Hold upright and spray component to be cleaned liberally from a distance of 15-30cm (6 - 12inches). Do not spray near naked flames or incandescent material. Use in a well-ventilated area.

Storage

MOLYSLIP SLIPCLEAN RD should be stored in original, unopened packaging, out of direct sunlight at temperatures between 5°C and 35°C. The most up to date shelf life information for Molyslip products can be found on the certificate of analysis issued at the time of manufacture.
